A new way to pay for your holiday: our new direct debit

payment service

Your dream holiday has never been so affordable with our easy direct debit payment option.

The day has come! We've introduced a brand-new payment method that will make your lives so much easier and allow you to book that much-needed holiday when you really want to. Paying via direct debit has many benefits compared to other payment methods. As well as being hassle-free, it gives you the opportunity to lock down that perfect deal without the obligation to pay the full balance in one go.

Here's how it can benefit you... 1. Breakdown the cost

Setting up a direct debit to pay for your holiday allows you to pay for it in smaller chunks, making it more affordable for you. Plus, you won't miss out on those fantastic deals because you can't afford it right away. 2. No missed payments or risk of cancellation

When you set up a direct debit, we will automatically collect the amount agreed on the same date each month, so you don't have to worry about missing any

payments. 3. Pay up to six weeks before departure

In all other cases, you are required to pay the full balance of your holiday 14 weeks before departure. With a direct debit, the full balance is due six weeks before

departure, giving you longer to pay off your holiday. 4. No hidden fees or extra costs  
The direct debit service doesn't incur any extra charges unlike other payment

methods such as credit card, so you know exactly what you're paying for. 5. You're in control

By setting up a direct debit to pay for your holiday, you'll be able to choose the number of instalments you wish to make, and you can always clear your balance at any time before the six weeks should you wish to. So what are you waiting for? Ask

your Personal Travel Expert today about paying via direct debit for an easier

Widely regarded as one of the greatest decathletes of all time, Daley Thompson is no stranger to sporting success. A double Olympic gold medallist, Daley also holds four world records and three Commonwealth titles, and was unrivalled in his sport – though many tried.

His dominance on track and field speaks volumes of his dedication to brilliance.

From a young age, Daley stood out as a real sporting talent, and his commitment and discipline helped him grow from youth champion to world champion in just a few years.Global domination

At the height of his career, Daley was unbeatable. But he didn't achieve that without hard work, dedication, and sacrifice.

Growing up, Daley faced many challenges. From poverty and prejudice, he fought against the odds to make it, and has since been called the greatest all-round athlete the UK has ever produced.

Unbeaten for 10 years, Daley inspired generations of upcoming athletes to follow in his footsteps, and now mentors sportspeople to be the best they can be too.Our travel champion

Daley's sporting career has taken him all over the world, from Moscow to Brisbane and plenty of places in between. Travel has been a huge part of his life, going hand in hand with his day job.

With the strength to know what he wants and to achieve it regardless of adversity,

Daley is proof that there's nothing you can't have.

For us, he is an inspiration and a reminder that you should never settle for less than the best.
